ComeOn Group won two awards at the eminent International Gaming Awards 2021, that took place at The Savoy in London on the 8th of September. International Gaming Awards is one of the most renowned award shows within iGaming that aims to celebrate the success of the industry on a global level.

Founded in 2008, ComeOn Group has always been known as a great place to work by its strong reputation as an employer of choice within the iGaming industry. Therefore, winning the **“Great place to work”** award recognises all

the hard work and dedication that has been put in. After more than 12 years of operations, ComeOn Group has over 500 employees from over 30 different nationalities and with offices in 7 main locations. ComeOn Group is a diverse organisation where all differences and opinions matter and also offers a workplace that is fun with focus on encouraging brave thinking, which are all key differentiating factors from their industry colleagues. ComeOn showed great endurance during the pandemic with a quick transition to a new way of working by improving and launching a new internal communications & collaboration platform, introducing meeting free mornings and by pioneering a new concept of moving the organisation into a Hybrid Working environment globally.

The second award, **“Online Casino Operator of the year”** proves that ComeOn Group once again is at the forefront when it comes to product innovation.
