# Online Dental Education Site Raising Money for Local Charity

**E-den Education is currently running a charity campaign to support Alzheimer's Australia Dementia Research Foundation.**

**Alexandria, New South Wales (Australia), December 18, 2012 --** eDen Education is currently raising money to support those with Alzheimer's. Alzheimer's Australia <http://www.fightdementia.org.au> Dementia Research Foundation is an organization committed to offering support, education, and information about Alzheimer's to people with dementia, their families, and those professionals working in the dementia industry.

Alzheimer's Australia offers national dementia services and programs that are funded by the Commonwealth and provide advocacy and national policy for the 280,000 Australians who are living with dementia. The LWML (Living with Memory Loss Program) offers those within the early phases of dementia with a customized program of advice, information, and peer support to help them in coming to terms with dementia and prepare for their future.

The foundation offers free counseling for the ones with dementia, as well as their families. Counseling offers a chance to discuss problems associated with dementia privately with highly experienced and skilled counselors.

Currently e-Den Education is running a campaign on their Facebook page in which they will donate \$1 to the foundation when you "Like" their Facebook page. In the month of November, the company received 61 new "Likes" and so they donated \$61 on their supporter's behalf. Their goal is to raise \$1,000 by January 31st, and all those who 'liked' will go into a drawing to win one of 5 annual memberships worth \$997 each. That's nearly a \$5000 FREE giveaway Please help them to reach their goal and spread the word. Their five lucky winners are going to be announced on Friday, February 15, if they reach their goal for charity! Remember, they need 1,000 'likes' by January 31. To show your support and help raise money and donate to a worthy cause,

visit their Facebook page: <http://www.facebook.com/eDen.Dental.Education>
