Breach Preparedness

9-1-1 or 1-1-2 is used globally when calling for help. But which number is used for requesting cyber-help? When you have a fire you cannot put out, you call the fire department. When you witness a robbery, you call the police. But who do you call when you witness an ongoing break-in into your IT infrastructure or applications? Read the full article by [Helge Skov Djernes](#), Information Security Management Consultant in NNIT [here](#).

Together we make a mark in business and society; bringing digital transformation to life

The NNIT Group provides a wide range of IT and consulting services internationally.

In Denmark, where the Group HQ is based, we are one of the leading IT companies, servicing both private and public sector customers across all industries. In the rest of Europe, Asia and USA, we are solely focused on companies within life sciences.

Supporting the entire supply chain, we help optimize internal company processes, production, sales and customer experiences:

We advise, build, operate and support, enabling digital transformation and customers to reap the full potential of their organizations. Our role is to foster innovation and make the mark our customers and we aspire to.

The NNIT Group consists of group company NNIT A/S and subsidiaries Valiance, SCALES, Excellis Health Solutions and SL Controls. Together, these companies employ over 3,000 people in Europe, Asia and USA.
