## **Purus launches new catalogue and takes on challenges!**

### **Purus new Industrial Drains catalogue**

Recently, we have released our new industrial drains catalogue. This is a commercial programme with a range of channels and drain systems made in stainless steel of the highest quality. Whether you have hygienic requirements for hospitals and large kitchen projects, or high flow capacity needs for industrial facilities, our drains are the perfect solution with smart construction, reliability and durability. We have a large range of channels and we can also work on bespoke solutions.

## Purus 2020 pricelist

A few weeks back we have sent out our new pricelist for 2020. If you haven't received it yet, please contact our export team at [info@purusinternational.com](mailto:info@purusinternational.com).

## Our export team has expanded!

We are always trying to support our partners with the best service possible. To achieve our ambitious goals, we have recently enlarged our service: we are now a team of 5 members with high international experiences, with Alex Kaal from Netherlands and Teddy Cunrath from France joining us a few months ago. We are proud to speak a total of 11 languages: English, Swedish, German, Dutch, French, Italian, Spanish, Portuguese, Romanian, Flemish and Thai. Don't hesitate to call us at +46 10 41 44 900, we are always happy to use them!

You can view our team by [clicking here](#).

## Purus is up and running

We are well aware of the current Covid-19 situation and we take the necessary precautions to protect all people. But we work hard to keep the business running and to provide the same top quality service. Our production is up and running and deliveries go out regularly. See video [here](#)!

In this time of challenges, we want to help you as much as we can. For instance, if you want to minimize logistics, we could ship your orders straight to the construction sites. Let us know if you have other suggestions or if you need anything!

---

Purus is one of Scandinavia's leading manufacturers of products for the kitchen and bathroom. Its principal product segment comprises floor gullies, floor channels, indoor waste systems, stainless steel interiors and stainless steel sanitaryware. Purus' strong position in the Nordic market is a result of reliable products, innovative thinking and the best customer support in the market. Purus forms part of BLS Industries, a leading group in the sanitaryware industry, with all manufacturing done in-house in Sweden.
