Bemannia staff Stockholms Hamnars reception and office service

Bemannia signs agreement with Stockholms Hamnar AB regarding staffing of reception and office services in the harbour's main office in Frihamnen. The agreement runs from the 2nd of April 2012 to the 11th of March 2014.

Stockholms Hamnar works to develop Stockholm as a living and modern maritime city for inhabitants, trade and industry as well as tourism. The assignment includes promoting the shipping and securing the region's goods supply. Stockholms Hamnars' vision is to be the leading link between the district Mälaren and the rest of the world as well as presenting the best choice of transportation for their customers.

Stockholms Hamnar is a group of companies with Stockholms Hamn AB as parent company. Except for the parent company, Nynäshamns Hamn AB and Kapellskärs Hamn AB are included in the group.

-It was with great joy we received Stockholms Hamnars allocation decision to assign Bemannia as supplier in the procurement of reception and office service. We will now have a very rewarding contract and will participate in Stockholms Hamnars project and their future vision, says Staffan Bruzelius, general manager at Bemannia.
