Elodie Details is a Swedish company founded in 2005 by Linda Sätterström, shortly after her daughter Elodie was born. The premise was to turn everyday baby products into high-quality fashion accessories through a unique combination of utility, design and durability.

Since then, her former hobby has grown into a design company with a full range of innovative baby products that make life with children even more beautiful. And every product is designed to last – by creating durable and multifunctional items, Elodie Details wants to encourage sustainability through upcycling.

Today, Elodie Details' products are available online at www.elodiedetails.com and through retailers in 45 countries on five continents.
