Happy Holidays from Open Communications

Whew! What a fantastic and developing year 2019 has been! Now it's time to pause, reflect upon all the good received and say thank you to all our friends, customers, partners and family for the incredible support and positive feedback during the year.

One thing that running an international agency (www.open.se) has taught us is to embrace differences all around the world. It's what makes life interesting. And believe us, holiday traditions (even it's not yet your holiday) can be VERY different, depending on where you are. So we put together this

little video (see attached) to celebrate the differences and express our gratitude.

This year, in the spirit of giving, we are donating funds to **Hand In Hand International**, an organization that provides entrepreneurial families with the startup capital, business training and other assistance they need to improve their future and lift themselves out of poverty
www.handinhandinternational.org.

Have a relaxing and peaceful holiday.

Open is an independent brand communications agency that focuses on complex international projects and works primarily in English.

We combine insightful strategic thinking, Scandinavian design and emotional storytelling to activate brand experiences across a range of channels.
