Sambonet - Diamond Collection

Sambonet Diamond Collection

Sambonet new **Diamond** collection is born from the *savoir fair* and the spirit of innovation of the brand, always looking for content to enhance the art of the table. An absolute novelty that is not limited to a product but introduces a technological innovation able to give life to visual and tactile sensations as an expression of quality, innovation and know-how.

Diamond stands out for its distinctive sparkling accents and vibrant nuances. A unique, exclusive Sambonet effect that, together with the aesthetic of new

colours, adds a refined texture, good taste and exclusive pluses for users. This characteristic stainless-steel finish prevents the formation of scratches, hides the inevitable signs of wear and tear, and keeps the objects sparkling and looking new for long time.

Sambonet add to its collections three new finishes that bring together the design of some of the company's bestsellers with the latest nuances. While **Flat Diamond** is perfect for extremely minimalist arrangements, the elegance of **Filet Toiras White Gold Diamond** meets more sophisticated tastes, oriented towards a reworking of the classic. For design tables or tables that call for simplicity and smoothness, **Hannah Red Gold Diamond** combines sleek lines with the warmth of this special colour.

The colour and special finishes of the stainless steel also represent the fil rouge of the new lines of sphera and **Avenue backplates**. Both, in perfect continuity with the cutlery, are also implemented and proposed in the impacting new versions **Diamond, White Gold Diamond** and **Red Gold Diamond**.

Diamond adds contemporary splendour to every table setting, accentuating its character and personality.
